

Double slip turnout

Art. No.: 61164

€52,90

Double slip turnout, manually operated.

Length 200 mm (standard length), branch radius 502.7 mm, crossing angle 22.5°.

The two manual turnout mechanisms can be replaced by the electric turnout mechanism 61195.

For digital operation is the special turnout decoder 61196 available.

Due to the electrical requirements of this type of slip turnout it is delivered with factory installed polarization.
