

Electric locomotive 186 282-0, Railpool

Epoch:

Art. No.:

Electric locomotive 186 282 of the Railpool hired out to the Rail Traction Company (RTC).

- Model in "Zebra" design
- Use in the international goods traffic
- Many separately applied plug-in parts that are partially etched
- Version with snow plow mounted on the chassis
- With PluX22 Interface available for the first time
- The headlights can be completely or partially switched off with a DIP switch

The private railway company Lokomotion, based in Munich, has been operating in the cross-border goods traffic since almost 20 years. It is known for its locomotives in zebra design. No matter whether they are blue, red, green, silver or multi-coloured - you can be sure that they are always an eye-catcher.

Specifications:
