

Diesel locomotive class 212, DB AG

Epoch: V

14+

Art. No.: 52525

Diesel locomotive class 212 of the Deutsche Bahn AG. Model in orient-red livery.

- Version especially designed for push-pull trains
- The model in orient-red livery is now available with PluX22 interface
- Headlights separately switchable
- Sound in cooperation with Leosoundlab

The series 212 is a more efficient variant of the V100 and operates not only on branch lines but also on main and steep lines.
