

Steam locomotive 85 001, DB

Epoch:

Art. No.:

Steam locomotive 85 001 of the German Federal Railways. Epoch III.

Rich detailing on the model with many separately applied plug-in parts. Motor with flywheel, LED lighting and intricately elaborate wheel sets.

Interface according to PluX22 standards for the adaptation of a digital decoder. Headlights that change over with the direction of travel, one red tail light (the function of the red tail light is only possible in combination with a function decoder PluX22). Coupler pocket according to NEM 362 standards and close coupling mechanism on both sides of the locomotive.

- Fine metal wheelsets
- Modification of the rivet rows on the water tank
- Rich detailing with many separately attached plug-in parts

Specifications:

General data

Number of axles with traction tyres	1
Number of driven axles	5
Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Flywheel	yes

Electrical

LED lighting	yes
Interface	Electrical interface for traction units PluX22
Head light	Both sides of the vehicle are equipped with direction dependent triple headlights.
Motor	5-pole motor
LED head light	yes

Measurements

Length over buffer	187 mm
