

Diesel locomotive 2435, NS

Epoch: IV - V

14+

Art. No.: 70789

Diesel locomotive 2435 of the Dutch State Railways in yellow and grey livery.

Update!

- New circuit board with PluX22 interface
- In digital mode with light functions true to the Dutch model and blue flashing lights

From 1954, the first locomotives of the 2400 series were put into service at the Dutch State Railways. The locomotives mainly hauled freight trains and were also used in the shunting service. However, they also hauled passenger trains.
