

Diesel locomotive 2435, NS

Epoch: IV - V

14+

Art. No.: 70790

€264,90

Diesel locomotive 2435 of the Dutch State Railways in yellow and grey livery.

Update!

- New circuit board with PluX22 Interface and sound decoder
- Locomotive with light functions true to the Dutch model such as reverse lights and blue flashing lights
- Model equipped with digital remote control coupler from factory
- The model with true to original sound functions is available for the first time

From 1954, the first locomotives of the 2400 series were put into service at the Dutch State Railways. The locomotives mainly hauled freight trains and were also used in the shunting service. However, they also hauled passenger trains.
