

# Sliding wall wagon, SBB Cargo

Epoch:

Art. No.: 77488

Sliding wall wagon type Hbbilns of the Swiss Federal Railways.

Completely new design !

- \* Rich detailing on the front and on the wagon ends
- \* Model with separately applied handles and operating rods
- \* True to original chassis

The two-axle sliding wall wagons of the type Hbbi(II)ns(s) are currently considered standard wagons at practically all European railway administrations. The wagon is ideally suited for the transport of weather-sensitive, large-volume and palletized goods.

## Specifications:
