

Electric locomotive class 370, PKP

PKP

Epoch: VI

14+

Art. No.: 70489

€224,90

Electric locomotive class 370 of the Polish State Railways.

- Rich detailing on the model with separately applied handles
- Elaborate "roof garden" with four pantographs
- The headlights can be completely or partially switched off with a DIP switch

Shortly after delivery of the ÖBB locomotives class 1216, the Polish State Railways also ordered ten of the Siemens machines designated by the PKP as 370 series. At the PKP, the locomotives, unlike the ÖBB referred to as "Taurus", are designated "Husarz". The locomotives haul Eurocity trains every day and regularly come to Berlin and Prague.

Specifications:

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	1
Number of driven axles	4
Flywheel	yes

Electrical

Interface	Electrical interface for traction units PluX22
Head light	Two direction dependent tail lights and dual headlights.
LED head light	yes
Additional light function	yes

Measurements

Length over buffer	225 mm
