

## Electric locomotive class 1216, CD

Epoch: VI

14+

Art. No.: 70487

Electric locomotive class 1216 "Railjet" of the Czech State Railways.

- Perfectly matches the Railjet "Vindobona"
- Model with suitable antenna equipment
- The headlights can be completely or partially switched off with a DIP switch

Since the timetable change in 2014, Railjets of the Czech Railways (CD) have been providing services connecting Prague via Vienna to Graz. For this purpose, Siemens purchased seven sets of Railjets in blue livery. In contrast to the original ÖBB sets, the CD Railjets operate with five Economy class coaches. One coach is available with restaurant and the control cab coach with 1st class and Business Class. Since the summer timetable 2020, the traditional long-distance train "Vindobona" is experiencing a renaissance and operates between Berlin and Graz.

### Specifications:

#### General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	1
Number of driven axles	4
Flywheel	yes

#### Electrical

Interface	Electrical interface for traction units PluX22
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Additional light function	yes

#### Measurements

Length over buffer	225 mm
