Art. No.: 74065

4 piece set Railjet of the Czech State Railways. The set contains an Economy class end carriage, an Economy class carriage, a dining car and a driver's cab coach.

- Train movement: Railjet "Vindobona"
- Number of side windows true to the original control cab coach
- Interior design imitation depending on the classification of each wagon
- Each vehicle in scale 1:87
- Control cab coach with built-in function decoder
- With digitally switchable interior lighting and current-conducting couplers

Since the timetable change in 2014, Railjets of the Czech Railways (CD) have been providing services connecting Prague via Vienna to Graz. For this purpose, Siemens purchased seven sets of Railjets in blue livery. In contrast to the original ÖBB sets, the CD Railjets operate with five Economy class coaches. One coach is available with restaurant and the control cab coach with 1st class and Business Class. Since the summer timetable 2020, the traditional long-distance train "Vindobona" is experiencing a renaissance and operates between Berlin and Graz.
