

Electric locomotive 1116 276-7 "25 years of Austria in the EU", ÖBB

Epoch:	VI
	14+

Art. No.: 78502	€334,90
-----------------	---------

Electric locomotive 1116 276 of the Austrian Federal Railways.

- Delicately printed model with the anniversary design "25 years of Austria in the EU"
- In digital mode with switchable high beam and individually switchable headlights or tail lights
- Unique edition in special packaging
- Licensed model of the ÖBB
- Z21 driver's cab available

The European Commission and the ÖBB got a locomotive in EU design on track to mark the 25th anniversary of Austria's accession to the EU. Since July 3 2020, the EU locomotive has been travelling throughout Austria and neighbouring countries. It sets a strong signal for the Green Deal, which is to make Europe a climate-neutral continent by 2050 at the latest. The "Taurus" locomotives of the ÖBB have an hourly output of 6.400 kW and reach a maximum speed of up to 230 km/h.

Specifications:

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	2
Number of driven axles	3
Flywheel	yes

Electrical

Interface	Electrical interface for traction units PluX22
Head light	Two direction dependent tail lights and dual headlights. MX645P22
Sound	yes
LED head light	yes
Additional light function	yes

Electrical

Buffer capacitor	yes
------------------	-----

Measurements

Length over buffer	221 mm
--------------------	--------
