

## Electric locomotive 1142 562-9, StB

Photomontage

Epoch: VI

14+

Art. No.: 70601

€209,90

Electric locomotive 1142 562 of the Steiermarkbahn.

- In the current design of the Steiermarkbahn
- Use in the Austrian and German goods traffic
- Headlights/tail lights switchable with a DIP switch

Built initially at the stock company Simmering-Graz-Pauker in Graz, the Steiermarkbahn brought two locomotives, class 1142, from the train operating company ESG, back from Germany to their old home in 2018. After an overhaul with new paint, the locomotives, capable of multiple traction, are back in service and reliably perform their duties.

### Specifications:

#### General data

Coupling	NEM shaft 362 without close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	1
Number of driven axles	4
Flywheel	yes

#### Electrical

Interface	Electrical interface for traction units PluX22
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Additional light function	yes

#### Measurements

Length over buffer	186 mm
