

Electric locomotive 1044 030-3, ÖBB

Photomontage

Epoch: IV

14+

Art. No.: 70431

€214,90

Electric locomotive 1044 030 of the Austrian Federal Railways.

Mold variant !

- Prototypical implementation of the front end
- Model in blood orange livery with computer number
- Model with grey frame and grey roof available for the first time
- Many extra applied plug-in parts, partly executed in etching technology
- Use in front of passenger and goods trains within Austria and to Germany
- With etched factory plate included
- Perfectly matches the EC 60/61 "Maria Theresia" - items 74043, 74044 and 74045
- Headlights/tail lights switchable with a DIP switch

From 1976 to 1995, the ÖBB purchased 217 units of the four-axle thyristor locomotives class 1044. The 5,120 kW locomotives, which reached speeds of up to 160 km/h, shaped the modern image of the ÖBB for many years.

Specifications:

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	1
Number of driven axles	4
Flywheel	yes

Electrical

Interface	Electrical interface for traction units PluX22
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
