

Electric locomotive 186 908-6, SBB/RAIpin

Epoch: VI

14+

Art. No.: 70651 €234,90

Electric locomotive 186 908 of the leasing company Akiem hired out to the SBB Cargo International.

- Model with the baptismal name "Lötschberg" exclusively available at Roco
- Both sides feature different designs
- Use in the international goods traffic
- Many extra applied plug-in parts, partly executed in etching technology
- Snowplough mounted on the chassis
- Headlights/tail lights switchable with a DIP switch
- In cooperation with Railcolor Design

Coming from Bombardier's TRAXX MS2e platform, this locomotive has many variants to offer and thus perfectly meets the demand of interoperability of rail freight transport in Central and Western Europe. The locomotive can be operated on all European power grids. Since January 1 2021, Class 186 has been hauling the RAIpin "Rolling Highway" Freiburg Brsg Rbf-Novara Boschetto.

Specifications:

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Number of axles with traction tyres	1
Number of driven axles	4
Flywheel	yes

Electrical

Interface	Electrical interface for traction units PluX22
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes

Electrical

Additional light function yes

Measurements

Length over buffer 217 mm
